

Industrial Tyres

Fork-lift Products Industrial tyre specialists always give you what you need, whenever you need it, wherever you need it. For the complete range of solid and pneumatic industrial tyres choose **Fork-lift Products** every time. With expert technicians and a comprehensive range, it's no wonder we're the first choice for tyre supply and fitting across the region.

Your forklift operation can benefit from our complete on-site **mobile tyre fitting service**. We run a breakdown service and operate a dedicated handling and repair centre from our premises in Portlethen. To minimise valuable downtime we guarantee a speedy response and a fast turnaround. What's more, our experts are equipped to deal with any kind of solid and pneumatic industrial tyre enquiry, at any time.

Our expertise is unsurpassed and, because we know how costly it is to have equipment out of action, our engineers always get the job done right first time. Our totally comprehensive range includes:

- **Solid Tyres**
-
- **Skid steer tyres**
-
- **Cushion press-on band tyres**
-
- **Industrial pneumatic tyres**
-
- **Wheels**
-
- **Polyurethane tyres**
-
